EDUCATION

Thiagarajar College of Engineering

B.Tech in Information Technology

CGPA: 8.70

Madurai, Tamil Nadu

2023 — 2027

Jeevana School

ISC (Class XII)

Percentage: 93

Madurai, Tamil Nadu

2023

Jeevana School

ICSE (Class X)

Percentage: 92.5

Madurai, Tamil Nadu

2021

AREA OF INTEREST

Web Development, Object Oriented Programming (OOP), Database Management Systems (DBMS)

TECHNICAL SKILLS

- **Programming Languages:** C++, Python
- **Web Development:** React.js, HTML5, CSS3
- **Databases:** MySQL, MongoDB
- **Coding Profiles:** [SkillRack](#) (5000+ points)

PROJECTS

Student Achievements Portal — Thiagarajar College of Engineering

Apr 2026 — Present

Technologies: React.js, Firebase, REST APIs

- Developed a centralized system to streamline student requests for external event participation with faculty **approval/rejection workflows**, significantly reducing **manual effort**.
- Designed a secure data layer with **Cloud Firestore** for reliable storage of student achievement records.
- Built an **analytics dashboard** to visualize participation trends and identify top performers.

PROFESSIONAL EXPERIENCE

National Institute of Technology (NIT), Tiruchirappalli

Jul 2024 — Aug 2024

Research Intern — YOLOv7, SORT, PyTorch, OpenCV

- Built a real-time **Human Detection & Multi-Object Tracking** system, achieving **93% detection accuracy** under occlusion, pose variation and complex lighting conditions.
- Implemented robust object tracking using the **SORT** algorithm, ensuring consistent identity tracking across frames.

Bharat Heavy Electricals Limited (BHEL), Tiruchirappalli

Jun 2025

Intern, Digital Transformation Group

- Gained exposure to **SAP ERP** workflows in procurement, inventory, and financial operations within an industrial environment.
- Observed real time **enterprise IT infrastructure**, including networking, firewalls, telecommunication systems, and data centers.

CERTIFICATIONS

- **Generative AI Foundations** — AWS Academy Graduate
- **Introduction to Cloud Computing** — Coursera
- **Data Analysis and Business Intelligence (Excel to Power BI)** — Coursera

LEADERSHIP & ACTIVITIES

- **Department Ambassador — Student Council:** Served as a liaison between students and administration, communicating feedback and supporting academic initiatives.
- **Department Ambassador — AI Consortium:** Organized workshops and hackathons for **500+ participants**, driving cross-functional collaboration.
